

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## INTRODUCTORY.

---

THE Young Men's Library Association, of Atlanta, was organized on the 19th day of August, 1867. It had its origin in the breasts of a few patriotic and far-seeing young men, who believed the young city needed a public library. Through the intervening years the Association has steadily gained ground. There was no endowment to begin with, and there is none now—the bequest of Captain William Kidd, \$1,000, being the largest gift the Association has received. This bequest was put into standard publications, and each book so purchased bears a tribute to the departed donor.

This catalogue represents about 11,000 volumes, contained in fifteen alcoves. All the money that remains after current expenses, and the demands of the building fund are met, is put into books. As the Association has depended solely upon membership dues and voluntary contributions, the growth of the Library while slow, must in all reasonable minds be considered satisfactory. There is not a more prosperous, unendowed circulating library in the South, and this catalogue may serve to show how and where gifts like Captain Kidd's could be used to render it still better and more useful to an active and enterprising people.

The present home of the Library was erected in 1881. The building will hold on its two upper floors 50,000 volumes, and in the entire building there could be placed 100,000 volumes, or about ten times the present number of books.

The friends and patrons of the Library are chiefly indebted for this catalogue to the patience, skill and intelligent labor of Miss Fannie Wallace, Assistant Librarian, who has given to its preparation many long months of unwearied application.

It is hoped that it will help the members of the Association to a better understanding of the Library, and remind the generous people of Atlanta of its wants and possibilities.

3. All moneys received by the Association shall pass through the hands of the Secretary. He shall turn them over to the Treasurer and take his receipt, which shall state to what fund they belong.

### MEMBERS.

1. Applicants for membership in the Association may be admitted at any meeting of the Board upon presentation of their names by any one of the Directors.

2. No person becoming a member of the Association shall be entitled to any privileges, as such, until he or she has paid the dues to the next semi-annual collection day, as fixed by the Constitution.

3. The Librarian is authorized to receive applications for membership and to allow those who deposit the dues, as prescribed, to take out books as members until the next meeting of the Board.

4. The annual dues are four dollars, payable semi-annually in advance, on April 1st, and October 1st, of each year. The payment of fifty dollars commutes the dues for life.

### ANNUAL MEETING.

It shall be the duty of the Librarian to attend the Library closely, in person or by an assistant, and to strictly obey, and compel others to obey, all the rules made by the Board, or the Library Committee, for the government of the Library; at the same time to do all that can be done to secure new members and to advance the cause of the Association.

2. The Librarian shall be responsible for all the books and other property placed in the Library building. All books shall be charged at the time they are taken out and credited as soon as they are returned. No book shall be allowed to leave the hall, even temporarily, unless charged to the borrower. Bound newspapers, illustrated journals, magazines, etc., are to be found under the head of *Periodicals*, or under their respective titles.

Owing to their number, all plays in the Modern standard drama are marked in brackets, with the abbreviation m. s. d.

# THE WATCHWORD.

**F**OR nearly six years this valuable periodical has been contributing to the spiritual prosperity of the Church of Christ, calling out the faith, the love, the hope of God's children, by presenting the Lord Jesus Christ as he is revealed in the Bible. It maintains a purely religious and devotional quality of reading, aims to give fresh and practical evangelical truth, and is one of the purest and truest defenders of the Gospel in this or any land.

It is edited by Rev. A. J. Gordon, D.D., Special departments are assigned for the Illustration of Grace and Truth, Watch Tidings, Lesson Briefs on the International Lessons, and Illustrations on the Sunday-school Lessons, by Rev. Theron Brown, formerly editor of the Cabinet of Illustrations which is now united with the *Watchword*—making the *Watchword* a most valuable help to all Sunday-school workers. We have reason for gratitude and encouragement in the hearty tokens of appreciation which have come to us from all directions.

Kindly send us One Dollar and have the *Watchword* sent to your address for one year. You will find it every way helpful in your personal religious work.

The first and second, third and fourth years are bound in two volumes at \$2.00 each, well indexed, and are books of great value.

Yours respectfully,

**HOWARD GANNETT, Publisher.**
